

Complete 8 Zone Alarm System Expandable to 64 Monitored Zones

Model: WGAP864PACK

Complete home & commercial alarm system with contact ID protocol dialer for a central monitoring station. It contains a premier Watchguard 8 zone alarm panel and LCD keypad, internal and external sirens, 3 high quality PIR movement sensors, 2 reed switches for your doors or windows and a 12V backup battery.

The system has been designed to be easily operated, with all programming done via a simple menu driven system through the LCD keypad or via the PC interface.

The panel features a dedicated panic zone, monitored siren output, auxiliary power outputs and 5 (expandable to 25) programmable outputs that may be programmed to perform various trigger/switching functions. The alarm panel provides immediate notification of burglary, fire, medical & panic conditions. Attach the optional Voice Module to receive messages and give commands through a wired phone line.

WGAP864PACK Includes:

- 1 x 8 Zone Alarm Control Panel with LCD Keypad
- 1 x Outdoor Siren/Strobe
- 3 x High Quality PIR Sensors with Pet Immunity
- 1 x Indoor "Top Hat" Piezo Siren
- 2 x Surface Reed Switches for Doors or Windows
