Product Overview

The Watchguard NVR4ENTPACK3HD is a compact, high definition surveillance system ideal for homes and small businesses.

This CCTV package includes four 2.0 megapixel, weather resistant bullet cameras capable of recording 2.0MP (1920 x 1080) high definition footage in real-time 25fps. The network video recorder has a built-in 4 port power over Ethernet switch, allowing easy plug and play installation.

The NVR includes a pre-installed 1TB hard drive. Video quality and frame rate can be adjusted to increase the recording time. The NVR also features continuous recording where old footage is overwritten when the hard drive is full. The NVR also includes motion detection recording, record scheduling and network feed access.

This NVR offers a comprehensive range of remote view options so you may monitor your premises on the go. You can connect to your Watchguard CCTV system via local and network PC; through applications available for iOS and Android operating devices; and for Windows Phone smartphones.
