

Choose a Door Reader

Standalone IP55 Access Control Reader **ACRDR100**

- Directly drive electric door locks
 - Up to 500 Keyfobs/cards
- Up to 3 additional reader to be used in a multi-station access
 - Indoor use only

Standalone IP55 Access Reader/Keypad **ACRDR102**

- Directly drive electric door locks
 - Up to 1000 Keyfobs/cards
- Programmable operating hours, visitor access & multi-level security
- up to 3 additional readers & split-decoder to be used in a multi-station access
 - Indoor use only

Standalone IP65 Access Reader/Keypad **ACRDR103**

- Directly drive electric door locks
 - Up to 1000 Keyfobs/cards
- Programmable operating hours, visitor access & multi-level security
- up to 3 additional readers & split-decoder to be used in a multi-station access
 - Indoor/ Outdoor use

Choose a Door Strike

Mortise Electronic Door Strike **ACLOC100**

- Durable steel faceplate
- Fail-secure in event of power loss
- 12VDC power input

Surface Mount Electronic Door Strike **ACLOC101**

- Durable steel faceplate
- Fail-secure in event of power loss
- 12VDC power input

Monitored Mortise Electronic Door Strike **ACLOC102**

- Durable steel faceplate and door-latch
- Lock sensors to monitor lock status
- 12VDC power input

Monitored Multi-Voltage Mortise Electronic Door Strike **ACLOC103**

- Durable steel faceplate and door-latch
- Lock sensors to monitor lock status
- 12VDC/24VAC power input

Choose Access Tokens

125KHz RFID Proximity Cards (Thin) **ACKEY100**

- 10 Pack of 125KHz RFID Cards
- Thin: 0.75mm card depth

125KHz RFID Proximity Cards (Thick) **ACKEY101**

- 10 Pack of 125KHz RFID Cards
- Thick: 1.9mm card depth

125KHz RFID Proximity Keyfobs **ACKEY102**

- 10 Pack of 125KHz RFID Keyfobs
- Highly durable blue plastic

Optional Extras

Heavy Duty Door Release Button **ACDSW100**

- Sandblasted aluminium finish
- 86 x 50 x 28.9mm

Slim Door Release Button **ACDSW101**

- Aluminium & stainless steel finish
- 86 x 28 x 20mm

Touch Door Release Button **ACDSW102**

- Aluminium finish
- Green/red active status LEDs
- 120 x 76 x 18mm

Split-Decoded Access Controller **ACRDR101**

- Creates additional layer of security by processing keypad codes and card/keyfob signals as data before unlocking the door
- Features built-in door chime, tamper alarm, 2 remote controls and 3 output relays
- Compatible with ACRDR102 & ACRDR103
