

Wireless Remote Control

ALC-RC1

Operation Manual

Features

The remote control enables you to turn the alarm system on and off before entering the home or after exiting. If there is an emergency, press SOS button on the remote control to trigger the panel. The ALC-RC1, compact and portable, is designed to fit on a keychain, in a pocket, or in a purse.

LED Indication

LED flashes once: sends the transmitting signal
Low light-level: Low battery, please replace the battery immediately.

Usage

Specifications

- Power supply**
DC 3V (CR2025 Lithium Battery x 1pc)
- Alarm current**
≤ 7mA
- Transmitting distance**
≤80m (in open area)
- Radio frequency**
315MHz or 433MHz (± 75KHz)
- Housing material**
ABS plastic
