

Peace of mind, anywhere.

Watchguard 2020™ Wireless WiFi Alarm Pack with Camera

The perfect security solution for small buildings, the Watchguard 2020™ Alarm Pack features remote viewing and functionality via mobile, as well as a wide range of accessories to fit the security needs of any home, at any size.

- Versatile security for residences, offices and stores
- Add and remove wireless accessories such as door/window contacts, smart plugs, sirens, motion/flood/gas/smoke detectors via smartphone app
- Control, configure and monitor your security system from your phone, all from one app
- Connect up to 50 wireless sensors and 10 remotes
- Notifications via phone & email on alarm activation

Real-time Push Notifications

Comprehensive Range of Accessories

Record, Live View and Playback

The Watchguard 2020™ WiFi Alarm Pack offers instant notifications and full control over the system from anywhere with its easy-to-use app, available for download for any iOS or Android device.

Real-time alarm notifications

Receive instant push and/or email notifications whenever an alarm event is triggered.

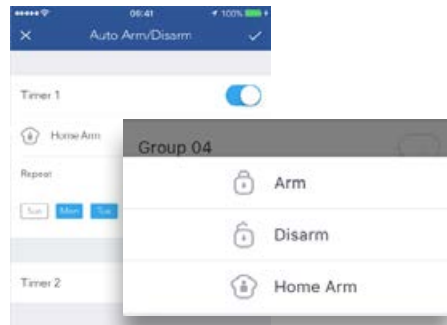

Complete alarm system control

Activate and deactivate the control system, edit sensor names & status, create alarm zones with schedules, and more.

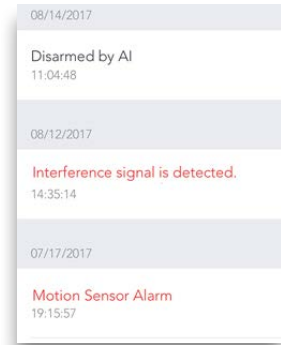

Share access with multiple users

Share access to the alarm system with up to 5 users, with two account access levels: Admin and User.

Set auto arm/disarm schedules

Set up to 6 automated timers to Arm, Disarm or Home Arm the system, which can be set to repeat during the week.

Check alarm system history

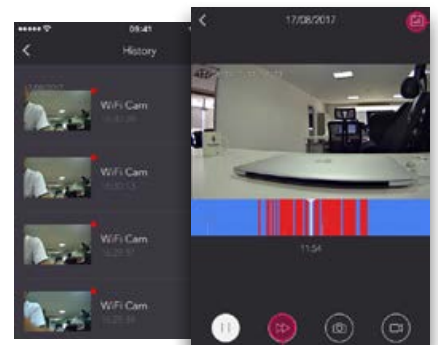

Time-stamped history records alarm activations, when the system is enabled & disabled, and events such as power loss.

With the included 720p WiFi surveillance camera, you can rest easy while away from the house. With 24/7 continuous recording, motion detection alerts and a two-way microphone, there's no need for a PIR sensor.

Motion detection notifications

Receive push notifications when motion is detected while system is armed, which can then be checked with live-view.

Record & Playback Footage

Record up to 32GB via microSD card, which can be played back at any time, with detected motion events marked in red.

The Watchguard 2020™ Wireless WiFi Alarm Pack includes:

1 x Control Panel with Desk Stand and Wall Mount

1 x Wireless WiFi 720p Surveillance Camera

2 x Wireless Door/Window Reed Switch

1 x Remote Control

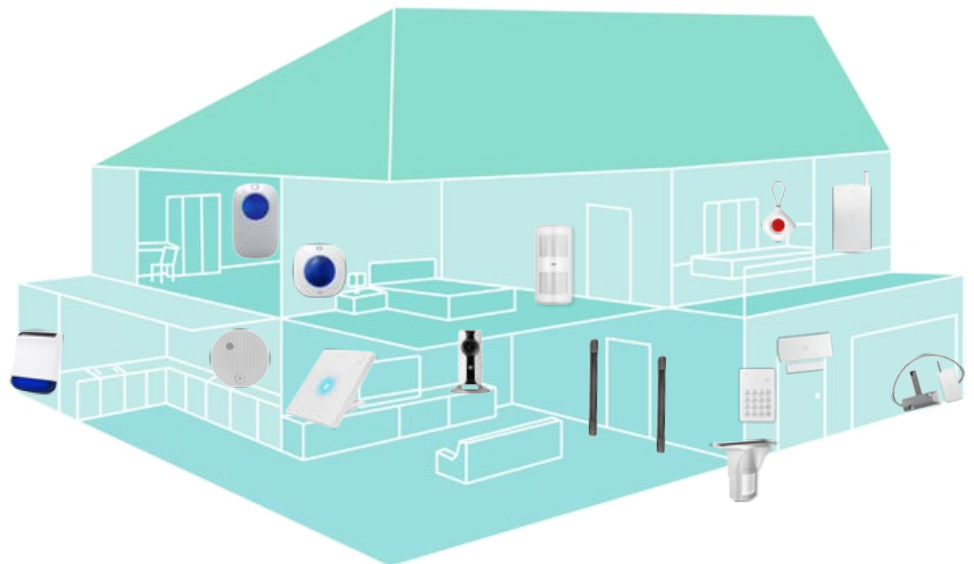

1 x AC Power Adapter
1 x DC Plug Pack
1 x Warning Sticker Set

Expand your security with the Watchguard 2020™ Wireless Accessories range

The Watchguard 2020™ Alarm System can be customised to fit perfectly into any home, leaving no point of entry or potential fire/water hazards uncovered.

Explore everything that the Wireless Accessories range has to offer, including:

PIR Sensors

Detect any movement while the system is armed with a PIR sensor. Available in pet-immune, 360° and solar-powered outdoor models.

Door & Window Reed Switches

Cover any point of entry with a magnetic reed switch. Available in door/window and roll shutter door models.

Strobe Sirens

Emit a loud siren and flashing lights when activated. Available in compact and solar-powered outdoors models.

Detectors

Monitor against hazards with these specialised devices, including fire, glass break and flood detectors.

Access & Alarm Control

Besides the mobile app, the system can also be enabled and disabled via remote control, panic button and keypad.

Other Accessories

Expand wireless signal range, cover doors and hallways with IR beam sensors and add extra WiFi surveillance cameras.
